

Advanced Work Sheet

Metrics - Alignment & Speed 6 foot - 8 foot Putts

Date: _____

	Rating	Hole size	Posture - Position		
	1 to 7		Number of Putts	Made putts	ratio %
1. Putt-line Accuracy at 90%	7	4	25	20	80%
Remarks: Example - 90% accuracy for putt-line metric					
2. Ball Position with 4 degree of loft	5	4"	20	17	85%
Remarks: Example - ball t level to ground starts to roll					
3. Read breaking putts	6	4"	20	12	60%
Remarks:					
Left to Right % Angle =					
Right to Left % Angle =					
4. Putter face alignment	3	3"	15	13	87%
Remarks: Example - instant response to fast and slow putts					
5. Follow through the ball-roll	3	4"	15	14	93%
Remarks: Example - hands continuing through the putt					
6. Square up putter face	4	4"	15	15	100%
Remarks: Example - Square putter to putt-line					
7. Putting gates	2	3"	10	9	90%
Remarks: Example - Starting the ball through the gates					
Total of putts and made putts.			120	100	83%
